

PUBLIC SERVICE ANNOUNCEMENT

For Immediate Release

February 17, 2015

Ski Callaghan remains open daily; Wednesday night skiing finished for the season

Whistler, BC: Ski Callaghan remains open daily in normal operating hours (midweek: 9:00am - 4:30pm, weekends: 8:30am - 4:30pm) despite the recent warm and wet weather conditions. The joint venture between Whistler Olympic Park and Callaghan Country Wilderness Adventures still offers 40 kilometres of cross-country trails, including dog trails, and approximately 10 kilometres of snowshoe trails open to the public. Tobogganing and fatbiking are not possible at this point.

Night skiing on Wednesdays had to be suspended because the snow cover on the lighted loop at Whistler Olympic Park is limited, resulting in potential safety hazards. The \$5 Wednesday special for tickets and rental gear will still apply from 3:00pm until close (4:30pm).

Guests are advised to check the daily trail updates and GPS grooming map on <http://www.whistlersportlegacies.com>.

About Ski Callaghan

Ski Callaghan is a joint venture between Whistler Sport Legacies (WSL), the operator of Whistler Olympic Park (WOP), and Callaghan Country Wilderness Adventures (CCWA). Nordic enthusiasts can enjoy the convenience of a single "Ski Callaghan" ski pass, allowing access to a combined trail system of 86.8 km of groomed ski and 41.9km of snowshoe trails. Ski Callaghan is well positioned to become North America's #1 Nordic ski destination. For more information, visit www.skicallaghan.ca.
